Opole, 11 February 2010

We have been clients of Bizneslingua since September 2009 and we have been impressed with their high standard of professionalism as well as the excellent quality of their services. From the time of our initial consultation they have been discerning of our specific needs, designed appropriate programs and provided a suitable learning environment to achieve the desired outcomes.

The individual teachers at Bizneslingua have shown themselves to be effective educators who have constantly adapted and tailored selected curriculum to the individual needs of our workers. They have always been well-prepared, engaging and professional. Individual progress reports have been promptly prepared and suitably communicated to us on a regular basis as requested.

We have been very pleased with all aspects of our dealings with Bizneslingua. On the basis of this experience we have no hesitation in highly recommending their services.

Sincerely,

A handwritten signature in blue ink that reads "Bruce Cannon".
